

# Macabee Knives Hammer-In & BBQ

June 18-20, 2010

3010 Mink St NW, Johnstown, OH 43031

Our third annual hammer-in looks to be even bigger and better than last year.

It doesn't matter if you are new to knife-making, just interested in knife making, or have been doing it since you knew what a knife was; there is something for every experience level.

The demonstrators so far this year will be:

- Kim Thomas - Bronze Casting
- Jeremiah Young - Cable Damascus
- Ted Banning - Mosaic Damascus
- Eric Nelson - High end Japanese Fittings & Making a Cutting Stand
- Lon Humphrey - Heat Treating with Hamons
- Leather Sheaths
- Columbus Chapter of the Schola Saint George - Western Martial Arts: a Demonstration of 1400's Italian Longsword combat
- Jeremiah Young & Eric Bruner - Forging Hammers
- David DeLaGardelle & Andy Davis from Mad Dwarf Workshop - Carving and Decorative Work
- Brian Shaw - Knife Law  
and more...

Bring your tools and smithing equipment for sale.

Posh Nosh Catering will have food for sale on sight. The BBQ will be Saturday night and will be a potluck so please bring something to share.

The event this year will include cutting demonstrations on Friday night with both sword and knife. Mike Alexander and Eric Nelson will be putting on the demo. We will also host a cutting competition. Knives for the competition must have a blade length of no more than 10". They must have a lanyard and must be custom made.

Bring your musical instruments for around the bonfire Saturday night

Camping is allowed and there is plenty of room. The fee is \$25.00 for the whole weekend or \$10.00 per day.

Hope to see you there.

Adlai Stein.
